See You at the Show!

Good Morning,

It will soon be time for the annual lumber convention in your state. Mark your calendar to attend your state convention today. Your lumber association works hard each year to bring you a convention that is full of educational opportunities aimed at making you better at what you do . . . selling.

Vendors make the show an opportunity to learn more about their products. There is much to see in the way of new items for construction, plus meeting old friends and making new ones at the show.

Cascade Mfg Co invites you to stop by our booth at your state lumber convention. We have lots of news to pass on to you. Check the schedule below and make plans to attend now.
